

Kids of Grace After-School Activities 2021-2022

- Children must be at least three years of age and toilet trained to participate.
- KOG children may participate in programs even if they do not attend school on the day the program is offered.
- Contact information is provided below if you would like additional information or to register.

Dance Makers- Mondays, 1:00-2:00

Dance Makers offers an exciting and diverse curriculum and a large range of styles including ballet, tap, jazz, creative movement and tumbling. Classes offer positive training where children can discover the joy of dance in a supportive, non- competitive environment. These classes are offered to both girls and boys ages 3 and up.

www.Dance-makers.com or call Jennifer Pappas at (757) 418-1294

Rock It Science- Wednesdays, 1:00-1:30 p.m.

Did you know? Using the scientific method can become a habit at an early age. Encouraging a desire to find answers, come up with questions, and predict outcomes will be our focus as we conduct experiments each week. It is easy to see how Rock-It Science will be a fun hands-on class, but did you know it will help in the development of fine motor, language, math, and thinking skills? These classes are offered to ages 3 and

up. www.bubblesbugsbutterflies.com or call Tammy Kauffman at (757) 647-3581

Soccer Shots-Thursdays, 1:00-1:40 p.m.

Soccer Shot classes not only teach soccer skills, but also work on improving balance, coordination, and agility with young children. Sessions teach children the importance of teamwork, sharing, and respect. These classes are offered to both girls and boys ages 3 and up.
